

CALL FOR PAPERS

ICCA 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCA 2022 : International Conference on Computer Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer Applications
Automated Systems
Bio-genetic Computing Systems
Business and Economics
Cloud Computing
Communications Systems
Computational Mathematics
Computational Intelligence
Digital Computing System
Electronic Data Systems
Embedded Control Systems
Financial Engineering

High Performance Computation
Human Computer Interaction
Information Communication
Information Security Systems
Knowledge Engineering
Management
Open Source Systems
Signal Processing Systems
Social Media Systems
Software Engineering Systems
Web Engineering
