

CALL FOR PAPERS

ICECB 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECB 2022 : International Conference on Environment, Chemistry and Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environment, Chemistry and Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemical, Environmental, and Process Engineering
Environmental engineering and sustainable development
Process design and optimization
Product innovation, development and economics
Process intensification
Nanotechnology
New materials & structured products
Intelligent polymers
Green organic synthesis routes
Process integration
Environmental engineering & management
Sustainable & clean technologies
SCF as solvent substitutes

Chemistry and Chemical Engineering Fundamentals
Chemical engineering fundamentals
Physical, Theoretical and Computational Chemistry
Chemical engineering educational challenges and development
Chemical reaction engineering
Chemical engineering equipment design and process design
Thermodynamics
Catalysis & reaction engineering
Particulate systems
Rheology
Multifase flows
Interfacial & colloidal phenomena
