

CALL FOR PAPERS

ICFPT 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFPT 2022 : International Conference on Food Packaging Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Packaging Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nano-packaging
New packaging materials and material development
Modified atmosphere, active and intelligent packaging
Aseptic packaging
Bio based and edible packaging, bioplastics

Food package testing
Food package Interactions: migration measurement methods, models and food safety risk assessment
Sustainable food contact materials
Recycling and Life Cycle Assessment
