

# CALL FOR PAPERS

**ICAIDTMM 2022**  
**Sep 09-10, 2022**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAIDTMM 2022 : International Conference on Advances in Infectious Disease Therapies and Medical Microbiology is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Infectious Disease Therapies and Medical Microbiology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Immunity to microbial infections  
Infection and immunity  
Infectious disease surveillance  
Phylogenetics of infectious diseases  
Infection control in healthcare facilities  
Outbreak investigation  
Sterilization and disinfection  
Personal protective equipments  
Surveillance for infections  
Pathology of infections  
Molecular pathology  
Clinical pathology  
Veterinary pathology

Advancements in diagnostic pathology  
Bacterial pathogenesis  
Plant bacteriology  
Veterinary bacteriology  
Bacterial identification  
Bacterial diagnosis  
Infectious diseases  
Microbial diagnosis  
Molecular applications  
Treatment and prevention  
Chemical microbiology  
Microbial metabolism  
Microbial genetics
