

CALL FOR PAPERS

ICADMPB 2022
Sep 20-21, 2022
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADMPB 2022 : International Conference on Architecture and Design of Modern Prefabricated Buildings is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architecture and Design of Modern Prefabricated Buildings. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Modular prefabricated buildings and architecture

Modular prefabricated building design

Performance of modular prefabricated architecture

Prefabricated construction systems

Prefabrication process and theory

Prefabrication technology and new techniques

Prefabrication technology, design and architecture

Prefabricated buildings

Panelized structures

Modular structures

Hybrid structures

Modular steel buildings and seismic resistance

Energy consumption
