

CALL FOR PAPERS

ICAGWEAC 2022
Sep 20-21, 2022
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAGWEAC 2022 : International Conference on Aerosol Generations in Working Environments and Aerosol Concentration is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerosol Generations in Working Environments and Aerosol Concentration. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aerosol
Aerosol generation
Working environment
Nanoparticle
Submicron particle

Micron particle
Bioaerosol
Aerosol control
Aerosol concentration
