

# CALL FOR PAPERS

**ICEPMPHI 2022**  
**Sep 20-21, 2022**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEPMPHI 2022 : International Conference on Environmental Pollution, Medicinal Prescriptions and Health Indicators is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Pollution, Medicinal Prescriptions and Health Indicators. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Air quality  
Disease burden  
Environmental pollution

Health indicators  
Medicinal prescriptions  
Pharmaceutical waste
