

# CALL FOR PAPERS

**ICOJM 2022**  
**Sep 20-21, 2022**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOJM 2022 : International Conference on Online Journalism and Multimedia is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Online Journalism and Multimedia. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Online journalism  
Web-based journalism and the new media of communication  
Digital media and the future of journalism  
Social media as sources and drivers of news  
The changing 'places' and 'spaces' of news production and consumption in the context of digital media  
News on the move and mobile telephony  
The personalization of news  
Business models for funding digital journalism in the digital economy  
Developments in data journalism and data visualization  
New research methods to analyze and explore digital journalism

Hyperlocalism and new understandings of community journalism  
Changing relationships between journalists, sources and audiences  
Citizen and participatory journalism  
Machine written news and the automation of journalism  
The history and evolution of online journalism  
Changing journalism ethics in a digital setting  
New challenges and directions for journalism education and training  
Digital journalism, protest and democracy  
Journalists' changing role perceptions  
Wikileaks and novel forms of investigative journalism
