

# CALL FOR PAPERS

**ICSWCRCSC 2022**  
**Sep 20-21, 2022**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSWCRCSC 2022 : International Conference on Soil and Water Contamination, Remediation, Conservation and Soil Conservation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Soil and Water Contamination, Remediation, Conservation and Soil Conservation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Contaminant fate and transport  
Ecological monitoring and  
restoration  
Risk assessment and management

Environmental remediation  
Soil and water conservation  
Management and sustainability of  
land resources
