

CALL FOR PAPERS

ICISMV 2022
Oct 21-22, 2022
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISMV 2022 : International Conference on Immune System and Molecular Vaccines is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Immune System and Molecular Vaccines. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Immunogenetics	Cancer vaccines
Molecular oncology and immunology	Cancer stem cell therapy
Innate immune system	Drug therapies
Immunopathogenesis	Cancer immunotherapy
Immunobiology	T-cell immunology
Immunoglobulins	Allergy immunology
Immunoglycomics	HIV immunology
Immunoproteomics	Parasite immunology
Immunoprophylaxis	Lymphokines and cytokines
Molecular vaccines	Thymus and lymphocyte immunobiology
Antibody engineering	Systemic lupus erythmatosus
