**Oct 04-05, 2022**  
**Dubrovnik, Croatia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWEDSESD 2022 : International Conference on Wearable Electronic Devices and Stretchable Energy Storage Device is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wearable Electronic Devices and Stretchable Energy Storage Device. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Stretchable electronics  
Stretchable optoelectronics  
Stretchable energy storage device  
Bio-integrated electronic system

Wireless communication  
Human-machine interface  
Transparent electronics
