

CALL FOR PAPERS

ICAEPS 2022
Oct 21-22, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEPS 2022 : International Conference on Advanced Energy and Power Solutions is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Energy and Power Solutions. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Commodities, Energy Mix and
Environmental Engineering
Data Analysis
Electrical Grids
Energy Management
Energy Storage
Experimental Support
Investments and Production Costs

Materials and Structural Analyses
Mathematical Modeling and Computer
Simulations
Power Plant Technologies and
Engineering
Regulations, Legislations,
Collaboration
Renewable (Green) Energy Systems
and Sources (RESSs)
System Safety and Cyber Security
