

CALL FOR PAPERS

ICEMT 2022
Oct 21-22, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMT 2022 : International Conference on Engineering Materials and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Engineering Materials and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Engineering Materials and Applications
Nano- and Micro- Materials Engineering
Engineering and Innovative Materials
Optical, Electronic Materials and Applications
Materials Science and Engineering
Materials Properties, Measuring Methods and Applications
Methodology of Research and Analysis and Modeling

Materials Manufacturing and Processing
Industrial Materials
Mechanical Applications
Information Technology for Materials
Applied Mechanics for Materials
Applied Materials and Technology
