

CALL FOR PAPERS

ICNMB 2022
Oct 21-22, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNMB 2022 : International Conference on Nuclear Medicine and Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nuclear Medicine and Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nuclear Medicine
Molecular Imaging and Nuclear
Oncology
Sentinel Lymph Node Biopsy
Genitourinary
Radiopharmacy Developments
Instrumentation and Imaging
Radiation Protection and
Radiobiology
Clinical oncology
Radiation oncology
Medical informatics
Medical Physics

Endocrinology
Cardiology
Neurology
Radiation Protection and Dosimetry
Radiopharmaceuticals production
Radiopharmaceuticals and
Radioprotection
Physics/Cyclotron
Radiophysics
Radiobiology
Radiation protection
Nuclear Medicine and Biology
