

CALL FOR PAPERS

ICABDM 2022
Oct 28-29, 2022
Los Angeles, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABDM 2022 : International Conference on Advanced Biomaterials and Devices in Medicine is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Biomaterials and Devices in Medicine. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomaterials
Biomaterialization
Self-assembly
Structural hierarchy
Biohybrid artificial organs
Blood-Material Interactions
Tissue Engineering
Regenerative medicine
