

CALL FOR PAPERS

ICWSPC 2022
Oct 07-08, 2022
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWSPC 2022 : International Conference on Wireless Systems and Pervasive Computing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wireless Systems and Pervasive Computing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Broad Band Communication
Computer and Intelligent
Communication
Mobile and Optical Communication
Wireless Communication
Mobile and Optical Networks
Wireless Sensor Networks
Network Security
Advanced VLSI Systems
Embedded Wireless Systems
Geo-informative Systems
Grid Computing
Pervasive Computing

Digital Image and Video Processing
Computer Vision and Image Analysis
Data Mining and Cloud Computing
Digital Business and Digital
Marketing
Business Policy and Strategy
Operations Managements
Technology and Innovation
Web Technology and Management
Business and Data Analytics
Entrepreneurship and New Business
Models
E-Business and Internet Computing
