

CALL FOR PAPERS

ICHPRSQR 2022
Oct 21-22, 2022
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHPRSQR 2022 : International Conference on High-Performance Roofing Systems and Quality Requirements is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of High-Performance Roofing Systems and Quality Requirements. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High-performance roofing systems
Energy-efficient roof
Life cycle assessments and roof longevity
Roofing endurance and failure
Urban heat islands and sustainable roofing
Environmental issues
Green roof systems
Quality requirements
Roof system selection

Selection considerations for steep roofing systems
Selection considerations for low-slope roofing
Re-roofing and re-covering
Roof system regulations
Applications
Long strip roofing with welded seams
Profiled sheetmetal roofs
Tiled roofs
