

# CALL FOR PAPERS

**ICLMT 2022**  
**Oct 21-22, 2022**  
**Athens, Greece**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLMT 2022 : International Conference on Liquid Moulding Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Liquid Moulding Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Liquid moulding technologies  
Liquid composite moulding  
Polymeric systems for liquid  
molding technologies  
Fundamentals of liquid moulding  
process  
Liquid moulding reinforcement  
materials  
Preform design and manufacture

Liquid moulding materials  
characterization  
Liquid moulding process modelling  
Liquid moulding process monitoring  
and control  
Liquid mould design  
Technical cost analysis
