

CALL FOR PAPERS

ICCSESS 2022
Oct 06-07, 2022
Beijing, China

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSESS 2022 : International Conference on Civil Systems Engineering and Smart Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil Systems Engineering and Smart Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Civil systems engineering
- Civil systems
- Natural systems management
- Cyber-physical systems
- Systems engineering
- Smart systems
- Smart cities
- Urban modeling and simulation

- Behavior modeling
- Resiliency
- Disaster management
- Data analytics
- Information management
- Decision making
- Artificial intelligence
- Machine learning
