

CALL FOR PAPERS

ICRCTP 2022
Oct 28-29, 2022
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRCTP 2022 : International Conference on Robotic Cars and Testing Process is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Robotic Cars and Testing Process. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Robotic cars
Mobile robotic car design
Levels of driving automation
Autonomous driving functions
Testing process
Autonomous trucks

Safety of robotic car
Safety assessment and verification techniques
Autonomous cruise control system
Road profile recognition for autonomous car navigation
Policy implications
