

# CALL FOR PAPERS

**ICFD 2022**  
**Oct 21-22, 2022**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFD 2022 : International Conference on Fluid Dynamics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fluid Dynamics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aerospace Heat Transfer  
Air Conditioning and Refrigeration  
Biofuels and Internal Combustion  
Engines  
Biological Heat Transfer  
Bio-Thermal Fluid Science and  
Engineering  
Boundary Layer and Free Surface  
Flows  
Combustion and Reacting Flows  
Computational Heat Transfer  
Double Diffusive Convection  
Energy Conversion and Clean Energy  
Technology  
Energy Management and Energy  
systems  
Enhanced Oil Recovery  
Environmental Engineering

Environmental Heat Transfer  
Experimental Techniques and  
Instrumentation  
Fire and Combustion Heat Transfer  
Gas Turbine Heat Transfer  
Heat and Mass Transfer Equipment  
Heat and Mass transfer in  
Biomedical devices  
Heat and Mass Transfer in  
Biotechnology  
Heat and Mass Transfer in Extreme  
Environments  
Heat Transfer  
Heat Transfer Education  
Heat Transfer Equipment  
Heat Transfer in Electronic  
Equipment  
Heat Transfer in Energy Systems
