

# CALL FOR PAPERS

**ICNMB 2022**  
**Oct 21-22, 2022**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNMB 2022 : International Conference on Nuclear Medicine and Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nuclear Medicine and Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nuclear Medicine  
Molecular Imaging and Nuclear  
Oncology  
Sentinel Lymph Node Biopsy  
Genitourinary  
Radiopharmacy Developments  
Instrumentation and Imaging  
Radiation Protection and  
Radiobiology  
Clinical oncology  
Radiation oncology  
Medical informatics  
Medical Physics

Endocrinology  
Cardiology  
Neurology  
Radiation Protection and Dosimetry  
Radiopharmaceuticals production  
Radiopharmaceuticals and  
Radioprotection  
Physics/Cyclotron  
Radiophysics  
Radiobiology  
Radiation protection  
Nuclear Medicine and Biology
