

CALL FOR PAPERS

ICNCE 2022
Oct 18-19, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCE 2022 : International Conference on Neocortex and Cortical Evolution is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neocortex and Cortical Evolution. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neocortex
Neocortex and evolutionary history
Neocortex and mental processes
Neocortex and brain
Brain lesion studies
Brain imaging techniques

Evolutionary and developmental studies
The evolution of neocortex
The process of cortical evolution
Neocortex in animals
Neuroembryology of the neocortex
Plasticity in neocortex
