

# CALL FOR PAPERS

**ICABE 2022**  
**Oct 04-05, 2022**  
**Tbilisi, Georgia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABE 2022 : International Conference on Advances in Bioproducts Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Bioproducts Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioproducts engineering  
Bioprocess engineering  
Bioproducts and biosystems  
engineering  
Sustainable bioenergy and  
bioproducts  
Bioresources  
Biochemical engineering  
Biotechnology  
Bioengineering  
Bioprocess engineering  
Chemical engineering  
Green technology

Biosustainability  
Biomolecular, cell and tissue  
engineering  
Biosystems engineering  
Biomaterials  
Biopharmaceuticals  
Biosensors and nanobiotechnology  
Biorenewable/bioenergy  
Food and process engineering  
Agrotechnology  
Marine technology
