

# CALL FOR PAPERS

**ICCBO 2022**  
**Oct 04-05, 2022**  
**Tbilisi, Georgia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCBO 2022 : International Conference on Cancer Biology and Oncology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cancer Biology and Oncology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cancer Cell Biology, Diagnostic and Prognostic Cancer Biomarkers  
Advances in Cancer Detection, Imaging, Management and Prevention  
Tumour suppressor genes  
Protein kinases in signal transduction  
Steroids and their receptors  
Transgenic mice in cancer research  
Apoptosis and Cancer  
RNA interference in cancer biology and treatment  
Tumor virology  
Carcinogenesis and Mutagenesis

Cancer Science and Therapy  
Advances in Cancer Science  
Integrative Cancer Science  
Cancer Therapy and Clinical Cancer Research  
Metabolomics of cancer  
Novel Approaches to Cancer Therapeutics  
Cancer Therapy and Clinical Cancer Research  
Tumor Science  
Anti-Cancer Drug Discovery and Development
