

CALL FOR PAPERS

ICCEA 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEA 2022 : International Conference on Computational Engineering and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computational Engineering and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Networking and Applications
Agile Knowledge Engineering and Semantic Web
Big Data Analytics
Bioinformatics
Cheminformatics
Chemometrics
Cluster, Grid, and Cloud Computing
Computational Archaeology
Computational Biology
Computational Chemistry
Computational Economics
Computational Electromagnetics
Computational Engineering

Computational Finance
Computational Fluid Dynamics
Computational Forensics
Computational Geophysics
Computational Informatics
Computational Intelligence
Computational Law
Computational Linguistics
Computational Mathematics
Computational Mechanics
Computational Neuroscience
Computational Particle Physics
Computational Physics
