

CALL FOR PAPERS

ICDAST 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDAST 2022 : International Conference on Digital Avionics Systems and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Avionics Systems and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aeroengineering and Avionics
Systems

Aeronautics and Space Avionics

Digital Avionics Systems

Air Traffic Management

Avionics and Flight-Critical
Systems

Communication, Navigation, and
Surveillance (CNS) Systems

Integrated Modular Avionics

System Engineering

Unmanned Systems and Networks

Emerging Technologies in Avionics

Software in Avionics
