

CALL FOR PAPERS

ICDSBDA 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDSBDA 2022 : International Conference on Data Science and Big Data Analytics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Data Science and Big Data Analytics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Scalability and portability issues
of big data
Platforms and technologies for big
data
Modelling structure and storage of
big data
Digital forensics

Parallel processing of big data
Distributed access of big data
Applications of big data
Data visualization
