

# CALL FOR PAPERS

**ICEET 2022**  
**Oct 04-05, 2022**  
**Tbilisi, Georgia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEET 2022 : International Conference on Environmental and Energy Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental and Energy Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Energy Technologies  
Energy Efficiency Improvement  
Energy Management, Policy and Economics  
Environmental Energy  
Heat and Power Generation and System  
Renewable Energy  
Sustainable Energy Resources  
Natural Energy Sources

System Approach Integration in Energy Sector  
Energy and Environmental Science  
Chemical, Physical and Biotechnological Sciences  
Energy Conversion and Storage  
Alternative Fuel Technologies  
Environmental Science
