

CALL FOR PAPERS

ICFER 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFER 2022 : International Conference on Face and Emotion Recognition is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Face and Emotion Recognition. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Face identification and recognition
Biometrics and authentication
Video tracking
Robust identification of hidden and truncated faces
Bio-medical and cognitive science
Human action analysis

Gesture recognition
Perception, cognition and psychophysiology of gesture interaction
Kinect-based kinematic data analysis and evaluation for clinical applications
Generalized face spoofing detection in real-world applications
Automatic kinship verification from face
Emotion identifying and classification
