

# CALL FOR PAPERS

**ICICPP 2022**  
**Oct 04-05, 2022**  
**Tbilisi, Georgia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICICPP 2022 : International Conference on Industrial Chemistry, Petroleum and Petrochemicals is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Chemistry, Petroleum and Petrochemicals. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial chemistry  
Petroleum and organic industrial chemistry  
Developments in petro chemistry and refining  
Corrosion in petro and oil pipeline industry  
Petroleum stream terms and ecology  
Different approaches to HPV  
Alkylation, Burton and Cumene Processing  
Polymerisation, Rasching and Oxo processing, Production of Nylon  
Metallurgical industrial chemistry  
Industrial polymers, metals and composites chemistry  
Industrial pharmaceutical and cosmetic chemistry

Applied chemistry  
Nanotechnology involved in industrial chemistry  
Industrial electrochemistry  
Industrial photo chemistry  
Textile industrial chemistry, textile engineering and apparel industry  
Nuclear chemistry in industry  
Production of food and beverages  
Adhesive industrial chemistry  
Industrial processes, white biotechnology and green chemistry  
Industrial materials and applications  
Chemistry in plastic, glass and leather industries
