

CALL FOR PAPERS

ICIEC 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIEC 2022 : International Conference on Industrial Engineering and Cybersecurity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Engineering and Cybersecurity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial cybersecurity
Industry 4.0 and cybersecurity
Cybersecurity of industrial control systems
Security metrics in industrial control systems
Cyber security for embedded controls in cyber-physical systems
Cyber security for industrial automation systems

Assets management and risk analysis
Prevention, safety and security
Monitoring and detection of incidents
Monitoring of threats and vulnerabilities
Disaster recovery plan and business continuity plans
