

# CALL FOR PAPERS

**ICMSA 2022**  
**Oct 04-05, 2022**  
**Tbilisi, Georgia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMSA 2022 : International Conference on Multimedia Systems and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Multimedia Systems and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Authentication and Watermarking  
Distributed Multimedia Systems  
Audio and Video Quality Assessment  
Multimedia Databases, Indexing,  
Recognition and Retrieval  
E-Learning, E-Commerce and  
E-Society Applications  
Human-Machine Interface

Design and Implementation of Signal  
Processing Systems  
Multimedia Authoring, Editing and  
Sharing  
Semantic Analysis of Multimedia  
Data
