

CALL FOR PAPERS

ICPIE 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPIE 2022 : International Conference on Petrochemical Industry and Environment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Petrochemical Industry and Environment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Petrochemical
Petroleum and petrochemical
engineering
Fossil technologies
Geomechanics and rock physics
Geology and geochemistry
Reservoir characterization
Reservoir fluids
Reservoir geophysics
Oil and gas exploration
Energy management and environmental
issues
Well testing
Offshore technology
Hydrocarbons recovery mechanisms

Oil and gas production
Enhanced oil recovery
Oil and gas processing, storage and
transportation
Pipelines and tankers
LNG transportation
Petroleum safety operations
International and national
transportation
Downstream technologies
Petrochemical processes
Plant performance and optimization
Chemicals production
Refining technologies and plant
inspection
Petrochemical technologies and
products
