

CALL FOR PAPERS

ICPST 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPST 2022 : International Conference on Pharmaceutical Science and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Pharmaceutical Science and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pharmaceutics and pharmaceutical sciences: pharmaceutical technology, pharmaceutics, biopharmaceutics, pharmaceutical biotechnology, drug delivery, controlled release, pharmacokinetics, and applied medicinal chemistry
Medicinal and Pharmaceutical Chemistry: Synthesis, analysis and modelling of biologically active substances and pharmaceuticals
Pharmacognosy and Pharmaceutical Biology: Isolation and structure elucidation of natural substances; morphology, systematics, taxonomy of medicinal and poisonous plants; quality of medicines of biological origin

Pharmacology: pharmacological testing of synthetic and natural products; clinical pharmacy; mechanisms of drug (inter-)actions
Pharmaceutical Technology: Strategies of drug development; controlled drug release; drug targeting
Contributions on pharmacy-didactics, pharmaeconomy, food and nutritional sciences
