

# CALL FOR PAPERS

**ICSMTP 2022**  
**Oct 04-05, 2022**  
**Tbilisi, Georgia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSMTP 2022 : International Conference on Shape Memory Textiles and Polymers is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Shape Memory Textiles and Polymers. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Preparation of shape memory polymers  
Shape memory textiles  
Characterization technique for shape memory polymer  
Structure and properties of shape memory polyurethane ionomer  
Water vapor permeability of shape memory polyurethane

Characterization of shape memory properties in polymers  
Structure modeling of shape memory polymers  
Environmental sensitive polymer gel and its application in textiles field  
Evaluation of shape memory fabrics
