

CALL FOR PAPERS

ICUHIMS 2022
Oct 04-05, 2022
Tbilisi, Georgia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUHIMS 2022 : International Conference on Urban Heat Island Mitigation Strategies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Heat Island Mitigation Strategies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Urban heat island mitigation strategies
Adaptation measures for urban heat island
Climate change and urban heat island
Urban and regional heat island adaptation measures

Efficiency, economics, and urban heat island
Solar radiation shielding
Evaporative cooling
Reflection of solar radiation
