

# CALL FOR PAPERS

**ICV 2022**  
**Nov 08-09, 2022**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICV 2022 : International Conference on Viticulture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Viticulture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

#### Viticulture

Science, production, and study of grapes

Monitoring and controlling pests and diseases

Fertilizing, irrigation, and canopy management

Monitoring fruit development and characteristics

Viticulture, wine and winemaking

Vineyard management

Wine-growing and viticulture

Integrated pest management

Grape diseases

Weather conditions and viticulture
