

# CALL FOR PAPERS

**ICABCIE 2022**  
**Nov 15-16, 2022**  
**Jeddah, Saudi Arabia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABCIE 2022 : International Conference on Architecture, Building, Construction, Infrastructure and Environment is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architecture, Building, Construction, Infrastructure and Environment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architecture, Building,  
Construction, Infrastructure and  
Environment  
Advances in Composite Materials  
Computational Mechanics  
Foundation and Retaining Walls  
Slope Stability  
Soil Dynamics  
Soil-Structure Interaction  
Pavement Technology  
Tunnels and Anchors  
Site Investigation and  
Rehabilitation

Ecology and Land Development  
Water Resources Planning  
Environmental Management  
Earthquake and Tsunami Issues  
Safety and Reliability  
Geo-Hazard Mitigation  
Case History and Practical  
Experience  
Geotechnique, Environment, Building  
and Construction Materials  
Building and Construction: Bridges,  
High-rise Buildings, Dams, Civil  
Engineering Structures, Silos,  
Highway Pavements, Tunnels, Water  
Containment Structures, Sewers,  
Roofing, Housing, Coastal Defences  
The Materials and Technology:  
Cement, Concrete Reinforcement,  
Bricks and Mortars, Additives,  
Corrosion Technology, Ceramics,  
Timber, Steel, Polymers, Glass  
Fibres, Recycled Materials and  
By-products, Sealants, Adhesives,  
Composite Materials, Nanomaterials
