

CALL FOR PAPERS

ICAOOT 2022
Nov 15-16, 2022
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAOOT 2022 : International Conference on Artificial Organs and Organ Transplantation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Artificial Organs and Organ Transplantation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Artificial organs	Membrane operations
Artificial organ engineering	Adsorption
Anticoagulation and Hemocompatibility	Bioreactors
Anticoagulation and Hemocompatibility	Blood oxygenators and artificial lungs
Biomaterials, artificial organs and tissue engineering	Artificial kidney
Artificial organs and tissue engineering	Artificial and bio-artificial liver
Artificial organs and ability enhancement	Artificial bone, skin, uterus, kidney
Organ transplant technology	Biomechatronics
Mass transfer coefficient	Biomedical engineering
	Decellularization
	Organ culture
