

# CALL FOR PAPERS

**ICESM 2022**  
**Nov 15-16, 2022**  
**Jeddah, Saudi Arabia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESM 2022 : International Conference on Equine Science and Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Equine Science and Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Equine management  
Equine veterinary science  
Equine health and emergency management  
Horsemanship  
Horse health care management  
Agricultural policy

Legal framework  
Equine building design  
Nature, landscape and biodiversity effects of horse management  
Horses and rural development  
Municipal planning for horse related activities near to built-up areas  
Treatment skills and allergic reactions in equine veterinary science
