

CALL FOR PAPERS

ICFTD 2022
Nov 15-16, 2022
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFTD 2022 : International Conference on Food Technology and Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Technology and Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food science and technology	Post harvest and food packaging technology
Food design and development	Food industry: edible oils and others
Food processing technology	IPR in food technology
Food engineering model: past, present and future	Food nanotechnology
Food microbes: probiotics and functional food	Diary food technology
Food and public health	Food waste management
Food hygiene and technology	Food laws policy and governance
Food safety: prevention and control	Food marketing and economics
The chemistry of food ingredients	Investment in food technology
Food and nutrition
