

# CALL FOR PAPERS

**ICMEST 2022**  
**Nov 15-16, 2022**  
**Jeddah, Saudi Arabia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMEST 2022 : International Conference on Management, Engineering, Science and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Management, Engineering, Science and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aeronautics and Aerospace Engineering	Mechanical Engineering and Technology
Biological Engineering	Oil, Gas, Energy and Mining Engineering
Chemical Engineering	Mechanical and Industrial Engineering
Civil Engineering	Avionics
Computer Engineering and Technology	Computer Integrated Manufacturing Design and Manufacturing Engineering
Computer Science and Applications	Industrial and Systems Engineering
Electrical and Electronic Engineering	Materials Science and Engineering
Energy and Power Engineering	Mechatronics and Automation
Environmental Engineering	Operations Research
Information Engineering and Technology	Production Planning and Control
Lifescience Engineering	Textile and Leather Technology
Management Engineering and Technology	
Materials Sciences and Engineering
