

CALL FOR PAPERS

ICPMQI 2022
Nov 15-16, 2022
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMQI 2022 : International Conference on Performance Management and Quality Improvement is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Performance Management and Quality Improvement. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Performance management
Organizational development
Performance measurement tools and techniques
Productivity measurement and development
Organizational design and methods

Process analysis, engineering and re-engineering
Quality and business excellence management
Operational performance management
Organizational behavior management
