

# CALL FOR PAPERS

**ICWCN 2022**  
**Dec 02-03, 2022**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWCN 2022 : International Conference on Wound Care Nursing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wound Care Nursing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wound care nursing  
Wound management  
Wound therapy technologies  
Assessing and planning individualized care  
Principles of wound interventions  
Wound care in the baby and young child

Wound care in teenagers  
Wound care in adults  
Wound care in the middle-aged individual  
Wound care in the elderly individual with a pressure sore  
Wound care in the elderly individual with leg ulceration and malignancy
