

# CALL FOR PAPERS

**ICVPCVA 2022**  
**Dec 16-17, 2022**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVPCVA 2022 : International Conference on Visual Psychophysics, Colour Vision and Adaptation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Visual Psychophysics, Colour Vision and Adaptation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Visual psychophysics  
Colour vision  
Colour mixture  
Dark and light adaptation  
Luminance difference thresholds  
Signal detection theory

Visual perimetry  
Simultaneous brightness induction  
Visual acuity and spatial  
modulation thresholds  
Metacontrast  
Eye movements and perceived visual  
direction
