

# CALL FOR PAPERS

**ICQPQM 2022**  
**Dec 09-10, 2022**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICQPQM 2022 : International Conference on Quantum Probability and Quantum Mechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Quantum Probability and Quantum Mechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Quantum Probability  
Classical Probability Theory  
Traditional Quantum Mechanics  
Operational Statistics

Amplitudes and Transition  
Amplitudes  
Generalized Probability Spaces  
Probability Manifolds  
Discrete Quantum Mechanics
