

CALL FOR PAPERS

ICWVRA 2022
Dec 09-10, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWVRA 2022 : International Conference on Wearable and Virtual Reality Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wearable and Virtual Reality Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Android Software Development
Biomechanical Signals with Smart Data
Computer Science
Design Management: Managing Design Strategy, Process and Implementation
Fashion and Wearable Technology
Fashion Design and Technology
Fashion Design Software
Fashion-Conscious Wearable Technology Innovation
Fashion, Function Conflict in Creating Wearable Technology
Fashion, Product Design or Equivalent
Fashion, the Body and Technology
Fashionable Aesthetics: Wearable Technology
Fashionable Technology

Fashionable Technology and Wearable Computing
Fashionable Technology of the Future
Fashionable Wearable Technology Accessories
Functional Wearables
Future Fashion and Wearable Technology
Future of Fashion and Wearable Technology
Garments of Paradise: Wearable Discourse in the Digital Age
Genetically Engineered Silk
Graphic Design
Hardware Micro-electronics
Healthcare and Fitness
High-Techology Garment Engineering
Hybrid Energy
