

CALL FOR PAPERS

ICABE 2022
Dec 09-10, 2022
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABE 2022 : International Conference on Applications of Bioproducts Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Bioproducts Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioproducts engineering	Biosustainability
Bioprocess engineering	Biomolecular, cell and tissue engineering
Bioproducts and biosystems engineering	Biosystems engineering
Sustainable bioenergy and bioproducts	Biomaterials
Bioresources	Biopharmaceuticals
Biochemical engineering	Biosensors and nanobiotechnology
Biotechnology	Biorenewable/bioenergy
Bioengineering	Food and process engineering
Bioprocess engineering	Agrotechnology
Chemical engineering	Marine technology
Green technology
