

# CALL FOR PAPERS

**ICAPSC 2022**  
**Dec 13-14, 2022**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPSC 2022 : International Conference on Applications of Polymers for Synthetic Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Polymers for Synthetic Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Polymer-modified catalysts  
Polymers and soft materials  
Supramolecular polymers  
Polymer synthesis

Poly-3-hydroxybutyrate (PHB)  
Polymer characterization  
Polymer nanotechnology  
Polymers for emerging technologies
